Presbyterian Coffee Project: Good Coffee for a Good Cause

The Presbyterian Coffee Project offers a special link between congregations and communities around the world. We can now reach out to neighbors overseas not only with our prayers and offerings, but with the goods and products we purchase. Buying fair trade through the Presbyterian Coffee Project ensures that more of the money we spend on coffee reaches the hardworking farmers who actually grow it.

The coffees and teas are available through *Equal Exchange* which currently works with more than 32 small farmer organizations in 18 developing countries. Their trading partners are small farmer cooperatives — businesses owned and governed democratically by the farmers themselves.

Fair Trade helps build pride, independence and community empowerment for small farmers and their families in poor countries in Latin America, Africa and Asia.
